## President's Message

FORE is committed to providing quality summer internships to our aspiring students. Summer internships provide a great opportunity to channelize the learning of young minds that cannot be obtained in the classroom. Internships are an excellent way for students to gain relevant experience, skill and knowledge in a chosen industry or field they wish to build their career. An internship is also a time for employers to see the students in action and assess their fit with the company's culture and needs.

We are very thankful to the corporate world for their support in engaging our high proficiency students. Our students have received appreciation and certificates for good performance during their summer internship. This has certainly helped in increasing the number of PPOs offered to our students over the years.

The 2013-15 PGDM and PGDM-International Business batches will be ready for their 8-10 weeks of Summer Internship Program from April 2014 onwards.

I feel privileged to invite you for the Pre-Placement Talk and Selection process for Summer Internship Program 2014 starting from October, 2013.

Best Wishes!

A handwritten signature in blue ink, appearing to read 'R.C. Sharma', with a long horizontal flourish extending to the right.

R.C. Sharma

*President*

## Director's Message

FORE School of Management believes that Summer Placements are an integral part of learning in both our Post Graduate Programs in Business Management and International Business.

Summer Internship Program helps our students to gain valuable experience in terms of learning. It channelizes their energy pertaining to their field of study by getting exposure from the real business world.

A number of these organizations continue to offer PPOs, live projects as well as mentorships to our students every year.

It is indeed a great pleasure to present our young, energetic and aspiring batches (2013-15) of PGDM and PGDM-International Business students for Summer Internship starting from April, 2014.

We look forward to welcoming you at FORE School of Management to the selection process from October 2013 onwards.

Sincerely,

A handwritten signature in blue ink that reads "Jitendra Das". The signature is written in a cursive style and is underlined with a blue horizontal line.

Dr. Jitendra K. Das

*Director*

## Purpose of Summer Internship Program

Summer Internship Program (SIP) is an integral part of the course curriculum for the students of PGDM and PGDM - International Business at FORE. It provides an exposure to the students on real life organizational challenges and an opportunity to work on them intensively. It also helps them understand the organizational structure and processes in the practical setting. They also get to apply concepts and theory learnt in the class room on real life problems.

All the first year students need to undergo 8-10 weeks of SIP in April-June every year in reputed organizations. During the SIP, each student is assigned an internal faculty guide to whom he/she submits the report at the end of the internship besides submitting it to the corporate guide for evaluation. They are also required to make a presentation to faculty members and their colleagues.

During SIP, companies are also able to gauge the students closely and offer PPOs to the deserving ones.

# SIP@FORE

At FORE this year, we have planned the Summer Internship Program schedule of the first year students by keeping in mind the Final Placement schedule of the second year students and coordinating it with the Academic Calendar (Mid-Term/End-Term Examinations) of the first year students.

We sincerely request you to plan your visit to FORE during the month wise SIP schedule mentioned below and help us in managing our regular class schedule.

## SUMMER INTERNSHIP PROGRAM (SIP) SCHEDULE 2013-14

ACTIVITY	PERIOD	INVITATION TO PARTICIPATE*
Pre-Placement Talk for SIP	September 28, 2013 onwards	All Potential Recruiters

# SIP@FORE

## The process of SIP comprises of the following stages:

- The company conducts a Pre-Placement Talk from October onwards.
- Registrations are facilitated from interested students based on the company's requirements.
- The registrations are then shared with the company alongwith the resumes.
- The company conducts Group Discussion/ Interview either on-campus or off-campus.

- Offers are made to the students on the basis of their performance in the Group Discussion/ Interview through the institute.

This academic year, Summer Internship for the students will effectively begin from April 07, 2014 and it will be for 8-10 weeks.

After the completion of the Summer Internship the students are required to submit the Internship report to the Institute alongwith the company feedback. Thereafter, the students are evaluated based on the presentations of their Summer Internship projects.
