Re: Procurement of IBM/HP/DELL/HCL Server

FORE School of Management (FSM) has been established by the Foundation for Organisational Research & Education, a non-profit organisation, with a mission to *achieve and sustain Leadership in Management Education, Research, Consultancy and Development*. FSM is one of the premier Business Schools in India.

The computer centre at FSM is equipped with state-of-the-art branded computer systems interconnected through structured Ethernet based LAN and WiFi across the institute.

We intend to procure two branded Servers as per specifications given in the annexure. Integrated Institutional ERP System will run on these application servers. The servers will cater to all the students and faculty members of FORE through LAN as well as WAN..

While reliability of the systems is a prime factor for selection, excellent service is equally important.

Therefore, if you are interested in supplying the items listed in the annexure and provide support, you may please send your offer with detailed configuration / specification in a closed envelope mentioning “**Quotation for Server – 2013**” on the cover, by courier or drop it in the box kept with the security guard of FORE School of Management on the following terms and conditions latest by 4:00 p.m. on or before 1st March, 2013.

Please note that we want 3 years’ warranty for the servers.

For any further clarification please feel free to contact Manager (Systems) at sunit@fsm.ac.in.

Terms and Conditions

	<ul style="list-style-type: none">• Delivery should be made to FORE premises• No delivery charges will be paid extra• Tax shall be paid as applicable
