ABOUT THE INSTITUTE

Foundation for Organisational Research and Education (FORE), a non-profit autonomous organisation, was established in 1981 as a Center for Excellence for research, consultancy, training and management education by renowned professionals of global acclaim from Government and corporate sectors. With a view to meeting the needs of professional education of excellence in Management, FORE School of Management, New Delhi under the aegis of FORE was established in 1992. FORE has been working closely with industry and academia for developing contemporary new domains of managerial thought and education and contributing to the process of building leaders in today's global business environment. FORE has been setting benchmarks in management education for the last over 25 years. This is aptly reflected in the Top rankings by leading B-Schools surveys of the country and in a recent survey conducted by CRISIL - a leading Ratings, Research, Risk and Policy Advisory Company in India - has rated FORE with A*** (the highest rating level) for the Delhi-NCR and A** for the National level for both the two-year PGDM and PGDM (IBM) Programs. Located in the heart of South Delhi, FORE provides contextual learning and helps in the development of students as thinking professionals, who have the ability to meet the upcoming challenges for tomorrow's corporate leaders. The Programs offered at FORE aim at developing multiple skills including managerial decision-making, problem-solving, analytical reasoning, communications, creativity and innovation. The Institute has a Board of Directors with representatives from Government, academic institutions and industry. The Institute has also an Academic Council consisting of eminent professionals from industry, government and other academic institutions. FORE takes pride in its professional and highquality faculty in the fields of Communications, Economics, Finance, Human Resource Management, Information Technology, International Business, Marketing, Operations and Strategy. The faculty are drawn from leading national and international institutions and industries who are engaged in extensive research and consultancy, and possess a myriad of management skills. Eminent personalities and senior corporate professionals are invited from time to time to share their experiences and discuss real world managerial practices and market opportunities and challenges.

With a sharp focus on Management Education, Management Development Programs, Consulting and Research, and with 38 full time well qualified faculty FORE stands amongst the Top Business Schools in the country.

FORE conducts MDPs to equip managers with knowledge, skills and attitudes required for effectively responding to global developments and competitive requirements. Our MDPs are designed with an appropriate blend of conceptual and experiential learning. Apart from open programs, FORE conducts customized In-Company Programmes tailored to suit organisation's needs on topics/areas specifically required by an organisation. These Management Development Programs (MDPs) are either custom-designed to suit client requirements or are offered by faculty on a specific theme to meet various client needs.

How to Summarize and Present your Business Data

May 29, 2017

FORE Campus, New Delhi

Programme Director:

Prof. Shilpi Jain

Imparting Knowledge for Exploring New Horizons FORE School of Management

INTRODUCTION & OBJECTIVES

Effective and meaningful data presentations go beyond aesthetics; they facilitate organizations to make precise and useful decisions from the variety of data available to them. One picture is worth a thousand word. Through this course, the participants will be able to summarize and model their data to visualize the conceivable outcomes for their business plans and strategies. The learning will assist in developing a balanced mix of information and graphics, which will further help learners to explore deeper and develop contextual insights on the broader spectrum. The tools taught in this course are simple to learn and have wide acceptance in industry.

CONTENT

- Introduction to data summarization, visualization and presentation techniques.
- Introduction on to Presentation Design Principles Various Types of Visuals & Graphs
- Create Visuals from Multiple Datasets in the form of Infographics & Dashboards
- Summarize and Present data using industry specific tools such as Tableau, Orange, Power BI, Piktocharts etc.
